NORME DA OSSERVARE PER L'ORDINAZIONE DELLE PARTI DI RICAMBIO

- Per l'ordinazione delle parti di ricambio citare sempre:
 - Numero di codice
 - denominazione e numeri di matricola del telaio
- La ricerca del particolare di ricambio si effettua come segue:
 - individuare nella tavola il numero in figura del particolare
 - ricercare nella parte descrittiva il relativo numero di codice e la descrizione
- I particolari contrassegnati con il simbolo "O" vengono consegnati unitamente ai particolari aventi come riferimento il simbolo "●" che sono elencati di seguito.
- Le cifre riportate nella colonna contrassegnata dal simbolo "Qt.%" stanno ad indicare la quantità di ricambi, in percentuale, consigliata dalla ditta costruttrice.
- Definizione del modello specifico:
 - la prima cifra indica il modello e l'anno di costruzione
 - la lettera indica il paese di destinazione
 - la seconda cifra indica la colorazione.
 Vedere tabella relativa per l'identificazione del modello.

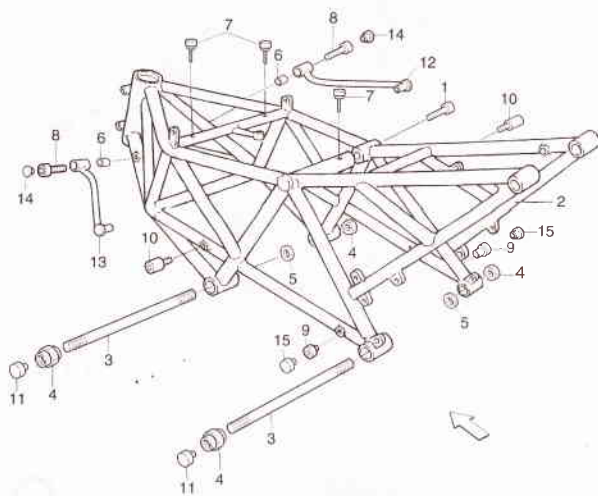

INSTRUCTIONS TO BE FOLLOWED WHEN ORDERING SPARE PARTS

- All orders of spare parts must clearly indicate:
 - item code number
 - description and serial numbers both of frame and engine
- To determinate the spare parts proceed as follows:
 - on the drawing find out the position number of the required item
 - on the part list you will find relevant code number and description
- The parts marked with an empty circle "O", are delivered together with details by a full circle "●", which are listed below
- The figure listed on the column marked "Qt.%" indicate the quantity of spare parts, in percentage, suggested by the manufacture
- Definition of the specific model:
 - the first figure shows the kind of motorcycle and its years of manufacture
 - the letter shows the country of destination
 - the second figure shows the colour
 See relevant table for model identification.
